Notice.

Because of the fact that the san-
itary inspector will not permit a
pressing shop to be run in the same
building with certain other busi-
ness and that candy-making is one
of these it is up to me to move or
cease doing pressing work. So
I will hereafter take no pressing
work, but will continue to do
tailoring and devote my time al-
most entirely to clothes made to
measure. This change will en-
able me to devote my entire time
to this class of work.

DON'T OVERLOOK THIS

A Careful Perusal Will Prove Its
Value to Every Okolona Reader.

The average man is a doubter, and
there is little wonder that this is so.
Misrepresentation make people skep-
tics. Now-a-days the public ask for
better evidence than the testimony of
strangers. Here is proof which should
convince every Okolona reader:

W. H. Hall, shoe and harness re-
pairer, Church St., Okolona, says: "I
have been severely injured in my
back a couple of times and I believe
that was the cause of my kidneys giv-
ing me trouble. Bending over so
much at my work, no doubt, helped
to make my back weak and painful.
Doan's Kidney Pills strengthened my
kidneys and my back stopped aching.
I can recommend Doan's Kidney Pills
to anyone afflicted with backache or
other trouble from weak kidneys."
Price 60c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mr. Hall had. Foster-Milburn Co.,

East-Smith

Stereotyped phrases wane and
pale when one attempts to por-
tray the beauty and solemnity of
the sacred vows of matrimony.

On the afternoon of Sept. 17,
in the beautiful Episcopal Chapel,
one of Okolona's most charming
and winsome girls, Miss Marg-
aret Yvonne Smith, plighted her
troth to Mr. Thomas Ferns East,
the impressive ceremony being
said by the former beloved Rec-
tor, Rev. J. Lundy Sykes.

Loving and artistic fingers
had transformed the interior of
the church into a bower of green
and white, great showers of
feathery ferns suspended from
multitude of ribbons were held
in place by soft maline bows.

The lovely maids and matron
of honor, the darling little flow-
er girls and ribbon bearers were
gowned in dainty white with
sashes of green and carried
sheaf bouquets of ferns. The
groom and attendants were im-
maculate in conventional suits
while the only note of color was
the magnificent fur trimmed
going away costume of taupe
chiffon broadcloth worn by the
bride, who passed down the
flower strewn aisle leaning upon
the arm of her father.

The happy couple left imme-
diately after the ceremony for
their home in Chicago.

The many exquisite and useful
wedding gifts testify to the
popularity of Mr. and Mrs. East.

May their lives ever be happy,
prosperous and useful is the
wish of A Friend.

Baptist Missionary Society

The Missionary Society of the
Baptist church is holding prayer
meeting every afternoon, at 4
o'clock in the church, with a
great deal of interest.

The Society has found it
advisable to divide their mem-
bership in order so as to get every
member of the church. The leaders
of the church are:

No. 1, Leader, Mrs. Watts Smith
No. 2, Leader, Mrs. W. A.
Houston
No. 3, Leader, Mrs. Baker
No. 4, Leader, Mrs. R. A.
Houston
No. 5, Leader, Mrs. Brown.

Much interest is being mani-
fested in the society plan.

The first Sunday in October is
to be the business and social
meeting, all children coming to-
gether. A mission study class
is held once each month, which
is helpful in educating our
women as God's plan for
missions.

Every Baptist woman in Oko-
lona is urged to become a mem-
ber of one of the circles and get
in the drive for "Millions for
the Master." October sends out
a call to the colors for enlist-
ment for service. Loyalty to
the Master will bring the mil-
lions for the 75-million campaign.

You Do More Work.

You are more ambitious and you get more
enjoyment out of everything when your
blood is in good condition. Impurities
in the blood have a very depressing effect on
the system, causing weakness, laziness,
nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC
restores Energy and Vitality by Purifying
and Enriching the Blood. When you feel
its strengthening, invigorating effect, see
how it brings color to the cheeks and how
it improves the appetite, you will then
appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC
is not a patent medicine, it is simply
IRON and QUININE suspended in Syrup.
So pleasant even children like it. The
blood needs Quinine to Purify it and IRON
to Enrich it. These reliable tonic prop-
erties never fail to drive out impurities in
the blood.

The Strength-Creating Power of GROVE'S
TASTELESS CHILL TONIC has made it
the favorite tonic in thousands of homes.
More than thirty-five years ago, folks
would ride a long distance to get GROVE'S
TASTELESS CHILL TONIC when a
member of their family had Malaria or
needed a body-building, strength-giving
tonic. The formula is just the same to-
day, and you can get it from any drug
store. 60c per bottle.

Wonderful Alaskan Cows
The principal means of transporta-
tion in Alaska is dog sleds. A good
dog is worth \$100 to \$200. He has
wonderful endurance and can live on
Alaskan atmosphere.

There is more Catarrh in this section
of the country than all other diseases
put together, and for years it was sup-
posed to be incurable. Doctors prescribed
local remedies, and by constantly falling
into local treatment, pronounced to
be incurable. Catarrh is a local disease,
it is caused by a constitutional con-
dition and therefore requires constitu-
tional treatment. Hall's Catarrh Medi-
cine, manufactured by E. J. Cheney &
Co., Toledo, Ohio, is a constitutional
remedy. It is taken internally and acts
directly on the mucous surfaces re-
sponsible for the disease. One hundred dollars re-
ward is offered for any case that Hall's
Catarrh Medicine fails to cure. Send for
Circulars and testimonials.

ALFALFA LANDS!!!

LANDS, LAND'S SAKE, LANDS SLIDE, LANDS SELL

The world's best Alfalfa Lands; better than Belgium's best. My uncle
says it is as good,—and none better, unless it is in Belgium or France; he
knows, he saw both. This good land is in Mississippi, and it grew the
premium alfalfa of the whole big world.

I could tell you what alfalfa is, but you know.

I could tell you how many times you could cut this alfalfa each year,
but you would think that another month would need to be added to the year.

I can't tell you that this land is a diamond in the rough, but it will buy
the diamonds already shining.

I can't tell you that it is a gold mine, but it will buy the gold ready to
spend—this alfalfa that grows as magic as the wind.

Only a small, black, grassy, strip of this land in Mississippi, and some
of it is not for sale at any price, and the best that was for sale we listed it,
and bought options while the land was low in price, and this is the way we
have the bargains to offer.

We can prove that we can sell you the land cheaper than you can buy
it from the owner; since land everywhere has advanced in price. Call on
us: S. R. Baker, at Aberdeen, Miss., and W. A. Houston, at Okolona, Miss.

This is where good health is, where good roads are, good schools and
churches, where people will meet you half way on anything; this is away
down South in Dixie.

We both have farms and we farm them. We can show you what we
can make them do, and you can make them do more for you know how.
Write us a letter and we will tell you all about it. Do it now; or come on
the next train. We will show you at our expense. We know we have
something that is worth more than the price or we could not afford to
make this talk. We bought this price on the most of it and bought as
much of the land ourselves as our money would take. Now these options
do expire; don't be too late.

If you have sold your land here or if you do, it will not cost you much
to see what we have to show you; and you will enjoy the trip in the "Dear
Old Dixie Land." It will make you think things that you would not have
thought thinkable.

Do not be afraid of yourself or afraid of anybody, because you do not
have to buy, you remember. We have other lands besides this good alfalfa
land to show you. We have good corn and cotton, wheat and oats land,
all kinds of grass and clover land, and the rich Delta land where the long-
staple cotton grows. I would tell you, but all the world knows, it's the best
cotton. You wear it day and night; have to have it just like things to eat.

And stock. I would not have time to tell you about the live stock that
just comes on like weeds. No trouble to raise to get stock ready for
market. The best hog feeder in the world is down here, and he says it
is Hog Heaven—I know you can go there. I am sure you have seen
kind of land that you ever had. I am sure you have seen it all made out of
dirt we have it!
